The Honorable Porter Hardy, Jr.
House of Representatives
Washington, D. C.

Dear Mr. Hardy:

Thank you very much indeed for naming the Hughes Library of Old Dominion College as a designated depository library. The acceptance forms have been completed and returned to Carper W. Buckley, Superintendent of Documents, and we look forward to receipt of material.

Our thanks to you also for your efforts to have this library made a depository for the unclassified publications of the Atomic Energy Commission. Ninety-six cartons of this material have already arrived and we are busy sorting and arranging it.

You have provided us with two very broad steps forward for which we are sincerely grateful.

When you are in Norfolk again, I hope you will find time to visit the Hughes Library. It would be a pleasure to have you.

Sincerely yours,

William C. Pollard
Librarian
